NOVEMBER 2020

Hello from the Activity Department.....

With the holiday season approaching, we understand how difficult it will be for residents and families if things continue to go this way. Our goal in the activity department for the holiday season is to focus on FAMILY FRIENDLY activities. I don't want to get too specific because we are still brain-storming ideas and figuring out how we can implement the ideas we have.

One project I would like to start immediately would call for family participation if willing and able. I would like families to send in photos from past or present of your loved one with the ones they love or doing things they loved or even better, both. I will hang them in the hallway outside of their rooms and we will have a "hallway of memories"...this would be a great conversation starter for staff and residents to learn more about your loved ones and it would also promote your loved one to take a trip down memory lane. If you would like to participate and have questions feel free to call Shana at 822-3203.
